

# MASONRY

— STRUCTURE & DESIGN —

Opportunities with the 2018 IBC & 2016 TMS 402/602 Code Changes

**TUESDAY, NOVEMBER 13<sup>TH</sup>, 2018**

**Philadelphia Center For Architecture**

1218 Arch St. Philadelphia, PA 19107

This program will provide insight to key changes made in the code since the 2009 International Building Code, highlighting the most recent changes to TMS 402/602, ASTM C90, ASCE 7, ASHRAE 90.1, and IECC. Seminars will focus on both structural and architectural elements. In addition, a collaborative panel discussion will explore how the two disciplines can coordinate and implement more efficient designs in masonry.
